

On the Journey Together

Vice President's Letter July/August 2025

Welcome Dear Sisters,

May I also give thanks to all the sisters for the fundraising and their contribution to our charities and planning for our 75th anniversary.

It is not easy in today's world and in our communities where stress and anxiety exist. To reach out to the vulnerable in so many areas of distress and difficulties to ensure that our compassion and vigour continues for many more years.

Our 75 years anniversary and celebration is an important reminder to mark and thank past sisters for shaping our organisation.

Where will we be in 5 years time? Celebrating our 80 years, perhaps improvement in our welfare reform and epidemic of violence against women and girls.

Let us be positive, will we have a government with wisdom of Solomon, strength of Samson, patience of Job, faith of Abraham, courage of David and the love of Jesus for others?

Saturday 5th July is the 77th year anniversary of our NHS(National Health Service). We pray it will be modernised and updated. We pray we will not be in a broken system but remember Pope Francis who set a good example of Gods life, his outstanding goodness, his massive universal appeal, he modernised the Catholic Church, updated social values, empathised with struggles people are facing, not afraid to speak about uncomfortable issues and overall his humane attitude.

So let us look forward to be a guiding influence with humility and moral leadership.

"But as for you be strong and do not give up for your work will be rewarded"
2 chronicles Ch 15 V 7

Have a wonderful summer break, may the God of hope fill you with all joy and peace.

Yours in Christ

Sr. Audrey B Kendall
