

Sikonge 100 1923-2023

The British Mission Board (BMB) endorses and encourages support for the 100th Anniversary Project,
Sikonge 100

The Sikonge Mission Hospital is a faith-based hospital owned by the Moravian Church in Western Tanzania, started in 1923 by the British missionary Dr Arthur Kievel. The hospital covers an area of nearly 28,000 square kilometres with approx. 210,000 living in this area.

Sikonge Mission Hospital never rejects a person with a need for urgent treatment or medicine even if they cannot pay. The hospital's motto is "Patient First"; many patients are therefore treated without ever being able to pay; they are exempt from payment.

Through the assessment procedure the Hospital ensures that the programme "catches" the poorest of the poor. With our help the Hospital hopes to be able to ensure that no one with a pressing need for treatment or medicine will be left without help due to poverty.

We are asking for support for the Exemption Programme to enable the hospital to meet the great need for free treatment and medicine. We hope that this project will be taken on by the whole of the British Province. If you would like to donate please contact:

- YPMA Representative
- send to BMB, c/o Lindsey Newens at Church House, payable to Moravian Union marked **SIKONGE 100**.
- Contact: jane.carter@moravian.org.uk
